- Payment by credit card would facilitate membership for some organizations; Marijean will discuss the possibility of adding that capacity with M. Capone.
- Emily Bristol of AmeriCU will join the Membership Committee in February
- ORDA's representative with the NCA is no longer with the organization; Rob will reach out to Ashley Walden to see if she will participate until the role is filled.
- Renee McFarland has returned to the area and is now with TDC. Rob will reach out to Renee to see if she would like to join the Membership Committee.
- OBPA membership is still lapsed, although they are now attending in-person meetings; Ben will reach out to Adam Adamczyk to see if they are now in a position to join the NCA
- Acknowledging member longevity at the Annual Meeting would be nice; Aviva will work with M. Siver to track membership years and put together some kind of recognition announcement, possibly after one year and each successive five years
- The move toward more explanation of the NCA's role at the in-person gatherings should expand to each committee chair giving not only their update, but also their committee's role in the organization and/or their personal reasons for participating. Aviva will add a suggestion to committee chairs under President's Update for the May and September board agendas.
